Your February Checklist

Dear Kay

February may still bring frost, but it's the perfect month to pause, plan, and nurture your allotment sustainably. Focus on caring for soil, reusing materials, sowing under cover, and supporting wildlife—laying the groundwork for a productive year.

Read on for practical tips and ideas to make the most of your February plot.

NAW 2026 - Grow to Learn

We are delighted to announce the theme for **National Allotments Week 2026: *Grow to Learn – Lifelong Lessons from the Allotment***. Taking place from **10–16 August 2026**, this year's celebration will highlight the educational, personal development, and well-being benefits of allotment gardening. From practical gardening skills to life lessons like patience, resilience, problem-solving, and teamwork, the allotment is a place where learning grows alongside plants.

Throughout the week, we'll be sharing inspiring stories across social media, featuring ambassadors, members, and young gardeners reflecting on the lessons they've learned from their plots.

More details about events, resources, and ways to get involved are available on our website, with further updates coming soon.
